

# Trek Associates

We don't make the equipment.  
We make the equipment work!

## PALLET WRAPPER SOLUTIONS

With costs on the rise, Trek Associates is pleased to announce a way to counteract these rising costs with the release of our new Pallet Wrapper Scanning systems. These efficient, economical solutions help keep costs down by virtually eliminating human error, unreadable barcodes and incorrect shipments and increase profits by making a more streamlined effective way to wrap, read and distribute your products in real-time. In conjunction with the IQMS Pallet Wrapper-Module software package, these Pallet Wrappers will pay for themselves in no time.

Trek Associates Pallet Wrapper Scanning Solutions are designed and custom configured to work with your IQMS software out of the box. The below packages all include:

- Leuze BCL500i stationary barcode reader heads with capabilities of 1000 scans/second
- AC power supply, cables, & mounting bracket
- Firmware custom configured to your pallet wrapper specs.
- Set-up out of the box

P/N: TRK-LEBCL500i1 - \$4995.00 includes (1) Leuze BCL500i stationary barcode reader head\*
