

Trek Associates

We don't make the equipment.
We make the equipment work!

TIME & ATTENDANCE SOLUTIONS

	<p style="text-align: center;">BIOMETRIC READER</p> <p>SecuGen Hamster Plus is the improved version of SecuGen's popular and versatile fingerprint reader product line, with Auto-On™ and Smart Capture™. Packaged in a comfortable, ergonomic design, the Hamster Plus features the industry's most rugged and advanced optical sensor using patented SEIR fingerprint biometric technology.</p>
	<p style="text-align: center;">CARD READER</p> <p>The Omni reader is originally designed for the demanding Access Control and Time & Attendance markets. Its die cast metal base, stainless steel wear plate, and impact-resistant housing make Omni ideal for demanding manufacturing environments. The Omni reads up to three tracks of magnetic information with a single swipe in either direction. Omni reads most bar code symbologies; both visible or infrared bar code data and/or MagStripe data, both in a single swipe. It has a beeper and three-color LED indicator to signal a successful read. The reader is programmable so that the data format and intelligent interface output can be programmed & configured to match application communication requirements.</p>
	<p style="text-align: center;">PROXIMITY READER</p> <p>The ProxPro proximity card reader's weatherproof design and architecturally attractive enclosure allows easy mounting indoors or out. The ProxPro Reader is ideal for applications requiring a larger read range. Affords high reliability, consistent read range characteristics, and low power consumption in a single, easy-to-install package.</p>

Trek Associates offers a wide selection of hardware solutions for your time and attendance requirements. Please contact one of our specialists at 716-992-2058 or via email at info@trekassociates.com to discuss your specific requirements.
